#### 6 TO RECEIVE A SUMMARY OF THE CHAIRMAN'S REPORT FOR THE 2018/19 YEAR.

Once again, this year the Parish Council has worked hard to ensure that Lythe parish is a beautiful place to live, and to visit, with assistance from Scarborough Borough Council and North Yorkshire Highways. Most of these tasks aren't particularly exciting or glamorous but include

- Reporting faulty street lights;
- Reporting missing and damaged street signs;
- Refurbishment of memorial benches throughout the Parish;
- Grass cutting;

Council members have also shown that we're not averse to completing tasks ourselves where we can, such as cleaning rubbish from the becks, hedgerows, beach and footpaths throughout the Parish. Indeed, ClIrs Metcalfe and Norman have cleared the area adjacent to the Blacksmiths here in Lythe to reveal the historically important artefacts used by the Blacksmith, and obtained a plaque and new bench from Mulgrave Estate to complement the area.

It would be remiss of me to ignore one of the controversial situations in the parish last year, the building of the fence at the bottom of Meadowfields which caused such bad feeling in Sandsend. After 6 months of negotiations with all affected parties, the Parish Council rejected the final proposal from North Yorkshire Highways and as a result felt that it could no longer be involved in further discussions, as all options had been exhausted. Whilst I am aware that this wasn't the result some parishioners wanted, we have received an assurance from Highways that they have put procedures in place to prevent the reoccurrence of such an event, and they will endeavour to consult or inform us of any significant alterations to the highway that they intend to undertake in the parish. Obviously,

there will however, be some activities that they will not consult on, such as routine maintenance activities, winter treatments, emergency responses etc.

For me, one of the highlights of last year was the event the Parish Council held here, in the village hall in conjunction with Lythe School and Mulgrave Estate, to commemorate 100 years since the ending of World War 1. It was great to see so many people attend and another big thank you to Cllr Metcalfe, Judy our Clerk and all at Lythe School for the hard work they put into the day.

Another big event in the Parish last year which I have to mention, but one that the Council can take no credit for, is the refurbishment of St Mary's church in Sandsend and the opening of the community centre. We must thank the St Mary's Appeal committee for all their hard work in this venture, and Helen Lloyd is here tonight to provide an update on the plans for the community centre going forward.

The Council has leased an area of land near the flag pole on East Row from North Yorkshire County Council, to assist Sandsend Boat Club with the removal and parking of boats, particularly during bad weather. This has come at zero cost to both the Council and the Boat Club and many thanks to Cllr Chance for facilitating the transaction.

Some of you may have noticed that we have had to increase the precept (parish council tax) by 9.5% this financial year. Whilst this is a large percentage, in monetary terms it is an increase of £1.44 per annum to £16.65 for a Band D equivalent property and I would now like to explain why we found it necessary to do this.

As budget cuts continue to affect supporting bodies, more costs are being passed on to Parish Councils. This year, we have had to take over responsibility for the running costs for the Sandsend defibrillator from Yorkshire Ambulance Service. Fortunately for us, the cabinet was replaced and a replacement battery provided as part of the handover and both these items have at least a 4 year warranty. The Parish Council however will be responsible for the replacement of the defibrillator pads should they be unfortunately used or expire, replacement batteries and other related consumables. We are hoping to arrange a further training session for anyone who is interested in understanding how to use the defibrillator. If you are interested, please leave your contact details on the form at the back of the room so that we can contact you.

Another expense passed onto us is the cost of the Parish Council elections to be held on  $2^{nd}$  May. This has been a difficult one for us to quantify. It could be as little as £75 if the election is uncontested, that is the number of candidates wishing to become councillors doesn't exceed the number of council positions available, which is 7 in the case of Lythe Parish Council. However, should there be 8 or more candidates, there will be a contested election and we have estimated these costs could be in the region of £1,000 as the election is being held at the same time as other Council elections. We will find out more on 4<sup>th</sup> April when the list of candidates is published.

As well as the costs mentioned above, we continue to suffer from a reduction in the number of people living permanently in the Parish with a consequent reduction in precept that we receive. This year, an increase of 1.78% would have been necessary to receive the same precept as last year. So, whilst we have reluctantly had to increase the precept by this percentage, we will ensure that if we don't have to pay significant election costs, we will take this into account when setting the precept for 2020/21.

Early May sees the Tour de Yorkshire coming through Sandsend and Lythe and I hope residents and visitors will join in the spirit of the event and decorate the route in blue and yellow. The Parish Council are going to write Sandsend on the beach as beach art, if you are able to assist with this on the morning of 4 May, please leave your details on the form at the back of the room.

We continue to work closely with Mulgrave Estate and our Scarborough and North Yorkshire Councillors and it is pleasing to see Robert Childerhouse, and Councillors Chance and Nock here this evening. May I take this opportunity to thank them all, and particularly Councillor Nock for all his help over the past few years whilst representing Mulgrave ward, we wish him well in the future.

I would like to thank my colleagues on the council for all of their hard work over the past 12 months, our vice chairman David Lancaster and Councillors Malcolm Lloyd, Harry Casson, Paul Cornforth, Mike Norman and Joyce Metcalfe and of course, our clerk, Judy Clark. Hopefully we will all still be on the council on May 2<sup>nd</sup> but if not, I'm sure that our replacements will continue to support the parish as we have done.

Whilst I am thanking people, I must include Lythe Gardening Club which continues to maintain the flower beds and planters throughout the Parish.

My final thank you goes to personnel at Scarborough Borough and North Yorkshire County Councils who continue to support the Parish during times of budgetary and manpower challenges.

And finally, please don't forget that you can find contact details for the Clerk to report any problems such as dogs on the beach and keep up to date with Parish Council news and activities on our website, <u>www.lytheparishcouncil.org</u>.

Amended details/additional information*. <b>RESOLVED</b> to inform NYMNPA that following on from previous objections, we note that the balcony and velux windows have been removed, we therefore have no objections to this planning application. However, we refer to the particulars of sale of this property and also a planning application in 2012 which clearly state that the front of the property is that which leads on to the main road (A174). As a Parish Council we would support the decision of the National Park Planning Authority in this case.	Clerk

Whilst it was agreed at the July meeting that the second planned cut would be as usual, and to discuss grass cutting at the September LPC meeting. To stop</li> </ul>				
	<ul> <li>all cutting this year would not be sensible as those directly affected by the approach would require gathering Parishioner's views. In addition, there is a grass cutting contract in place so we would not want to have adverse financial effect on the contractor who carries out the work very effectively and it is highly likely that we would want to retain them in the future. It may be therefore that we will need to pay them the price already agreed and renegotiate the contract prior to the next financial year.</li> <li>Lythe Bank for the next (2nd cut) - (going down the bank). <ul> <li>on the right-hand side.</li> <li>do not cut.</li> <li>on the left-hand side.</li> <li>where there is a fence,</li> <li>do not cut between the fence and the highway.</li> <li>cut for c. 18"/24" between the fence and footpath on the right (if possible, depending if this size of flail can be used).</li> <li>cut for c. 18"/24" between the footpath on the right (if possible, depending if this size of flail can be used).</li> <li>where there is <u>not</u> a fence,</li> <li>cut for c. 18"/24" between the footpath on the right (if possible, depending if this size of flail can be used).</li> <li>cut for c. 18"/24" between the footpath on the right (if possible, depending if this size of flail can be used).</li> <li>cut for c. 18"/24" between the footpath on the right (if possible, depending if this size of flail can be used).</li> </ul> </li> </ul>	Clerk
