3.14	Scarborough Branch Meeting - Thursday, 8 February 19:00*. The Clerk reported that she	
4.0	had participated in the virtual meeting and had circulated slides from the session.	Complete
4.0	Planning Issues To consider the following planning emplications	
<b>4.1.</b> 4.1.1	To consider the following planning applications ZF24/00096/HS 26 Meadowfields Sandsend, Creation of driveway and dropped kerb	
7.1.1	following removal of dwarf brick wall*. <b>RESOLVED</b> that there were no objections,	Clerk
	advise NYC.	O.O.I.
4.1.2	ZF23/01968/FL ZF23/01969/LB, Reconsultation, enlarging of existing opening in stone	
	wall, new dropped kerb to create vehicular access and hardstanding. Estbek House East	
	Row Sandsend Whitby North Yorkshire YO21 3SU. This application was discussed,	
	including the amended drawings, and LPC had the following objections to the	
	application.	
	This area of East Row is the focal point for vehicular and pedestrian traffic in Sandsend	
	due to the narrow road bridge/it's footpath, pedestrian bridge, East Row car park and	
	associated access/egress points.	
	The following outlines the Council's concerns:	
	<ul> <li>There are dropped kerbs on footpaths very near to the proposed vehicular access to enable safe crossing from the pavement to the pedestrian footbridge for individuals</li> </ul>	
	who are less physically able and for people with	
	who are less physically able and for people with wheelchairs/pushchairs/strollers. Whilst the dropped kerbs could possibly be	
	relocated, they were placed in their current locations for safety reasons and to allow	
	pedestrians to cross the road to reach the pedestrian bridge safely.	
	It would be extremely difficult to reverse into the proposed access area due to the	
	volume of pedestrian/vehicular traffic and virtually impossible to turn around in the	
	proposed space to enable a vehicle to leave the space in a forward direction that would enable the driver to see the surroundings/potential hazards more clearly.	
	<ul> <li>There are double yellow lines in front of the proposed vehicular access/hardstanding</li> </ul>	
	that indicate no parking and potential danger.	
	There is a bus stop located near to the site of the proposed application, again adding	
	to the potential hazards.	
	There have been at least two incidents in this area within the last year that resulted  in the fact that the same that the	
	in destruction of fences/walls - by approving this application it could create more	
	danger to pedestrians and vehicle drivers.  As you can see from the above, the Council has major concerns regarding the planning	
	application due to the very real, and significant potential for harm. <b>RESOLVED</b> to send	
	the response to NYC.	Clerk
4.2	To receive the following planning decision, full information on relevant websites.	
	None.
